

*Permission form D (for years 11 & 12): Driving to school*

It has now become a reality that many of the Shearwater students are able to drive cars to and from School. Whilst we welcome this new development, it also brings with it certain concerns about students' safety. So, although the accountability for vehicle accidents or RTA traffic violations rests with the driver concerned, the School would like to point out a few legal and safety issues:

- Does your child have a valid NSW Driving Licence?
- Is he or she driving within the criteria of that licence?
- Is he or she transporting people to and from School?
- Is he or she aware of his/her accountability should there be an accident involving their vehicle, especially when NSW driving laws have been breached, or when transporting too many people in a car?

If this concerns your child, as a driver or passenger, could you please make sure you have completed the relevant release forms below, in order to avoid any possible disagreement over this matter.

With Thanks,  
Stan Stevens, Administrator

---

I ..... (full name of Student over 18 years of age) will be driving to Shearwater and have a valid NSW Driving Licence. I am aware of my responsibility in agreeing to take fellow students to and from School and of my accountability in the case of an accident or RTA traffic violation.

Date
